

Charge to the Sustainable Development Goals Committee

December 1, 2024

On behalf of NASPAA President Mohamad Alkadry, the charge for the NASPAA Sustainable Development Goals Committee for 2024-2025 is below. The Committee is expected to use the reporting tool (attached) to monitor its progress. A report is to be presented at the March 2025 Executive Council meeting.

The Committee is charged with:

1. **Promoting Its Work:** Build on last year's efforts to:
 - a. Prepare and deliver a webinar during Spring 2025 to showcase the progress and outcomes of the Committee's work.
 - b. Submit a panel proposal for a session at the 2025 NASPAA Annual Conference. This session should highlight the Committee's achievements, findings, and recommendations, fostering further engagement and discussion.
 - c. Collaborate with the NASPAA Standards Committee to ensure they are informed of the findings and recommendations related to incorporating Sustainable Development Goals (SDGs) into the Accreditation Standards.
2. **Reviewing the Committee Structure:** Review the committee structure and recommend whether it should continue as a committee or transition into a section. If the recommendation is to remain a committee, the Council asks the Committee to identify specific, impactful projects it could be charged with accomplishing. The Committee should include its recommendation in the March report to the Council and use the guidance provided in the NASPAA Bylaws (attached) **Section B – Other Ad Hoc Committees** and **ARTICLE VI: Sections** to inform its recommendation.
