

Charge to the Undergraduate Education Committee

December 1, 2024

On behalf of NASPAA President Mohamad Alkadry, the charge for the NASPAA Undergraduate Education Committee for 2024-2025 is below. The Committee is expected to use the reporting tool (attached) to monitor its progress. A report is to be presented at the March 2025 Executive Council meeting.

The Committee is charged with:

1. **Developing Resources:** Build on last year's charge to develop the resources identified in its March 2021 Report to Council under Issue 2 - "Advancing Quality in Undergraduate Public Administration/Policy Programs." The materials should be included in the Committee's March 2025 report to the Council.
2. **Assessing a Badge System:** Investigating the need, interest and feasibility of creating a NASPAA badge system. This system would be managed by the Committee and certify that undergraduate programs meet defined competencies and quality benchmarks.
3. **Promoting Its Work:** Prepare and deliver a webinar during Spring 2025 to showcase its progress and outcomes. The Committee is also encouraged to submit a panel proposal for the 2025 NASPAA Annual Conference. The session should highlight the Committee's achievements, findings, and recommendations, fostering engagement and discussion.
