

## **2014-2015 ROSTER OF ACCREDITED PROGRAMS**

effective 09.01.2014

The Commission on Peer Review and Accreditation (COPRA) is recognized by the Council on Higher Education Accreditation (CHEA) as a specialized accrediting agency and authorized to accredit master's degree programs in public affairs and administration. In 1977, member institutions of the Network of Schools of Public Policy, Affairs, and Administration (NASPAA) voted to adopt a program of voluntary peer review evaluation of master's degrees or degree programs in public affairs and administration. That same year, the association adopted Standards for Professional Masters Degree Programs in Public Affairs, Policy and Administration. Peer review was initiated by the member institutions to facilitate the continuing development and quality of public service education.

In 1983, the members of the association voted to apply to the Council on Postsecondary Accreditation (COPA), to become recognized as a specialized accrediting agency to accredit master/masters degrees in public affairs and administration. On October 3, 1986, the Board granted NASPAA recognition as a specialized accrediting agency. In 1993, COPA was disbanded and replaced by the Commission on Recognition of Postsecondary Accreditation. In 1996, COPA was disbanded and replaced by the Council on Higher Education Accreditation (CHEA). NASPAA's Commission on Peer Review and Accreditation was recognized by CHEA in 2014 for a period of 10 years.

The review/accreditation process combines program self-study, review by the Commission on Peer Review and Accreditation, and a two to three day campus visit by a COPRA-appointed site visit team. The review/accreditation cycle begins each year on August 15, with the submission of a Self-Study Report. In June, the Commission meets for a final review session and determines if a program is in conformity with the standards. Subsequently, the Commission publishes an Annual Roster of Accredited Programs. NASPAA's membership consists of 280 member institutions, which offer undergraduate and graduate degrees in public affairs and administration. Of the total number of programs eligible to participate in peer review, 184 programs at 173 schools (61% of member institutions) have been accredited.

### **Site Evaluation Years**

The years appearing immediately following the institutional name indicates the projected academic year for the next regularly scheduled review. (For example, if the year indicates "2014-15," then the Self-Study Report would be submitted by August 15, 2014, the site visit would take place sometime between February and April of 2015, and the accreditation decision would be made by the Commission in June of 2015.) This year identification does not preclude the Commission from authorizing a site evaluation prior to the designated year.

### **Accreditation Decisions**

The Commission bases its conclusion on the overall quality of the program, its performance of its mission, consideration of substantial conformance with the standards, and its assessment of overall program quality given the unique mission of that program. The following programs have established substantial conformity with the Standards effective during their Self-Study Year. Programs receiving positive one-year reaccreditations are included, as well. The Roster is updated on an ongoing basis to reflect clerical updates, as well as on January 1 of each year to reflect actions taken by the Commission between September and January, such as the granting of a one-year delay in the review of a program.
